

Flat Stanley's Worldwide Adventures #3

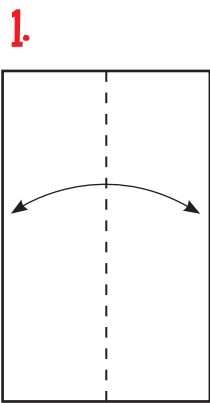

The Japanese Ninja Surprise

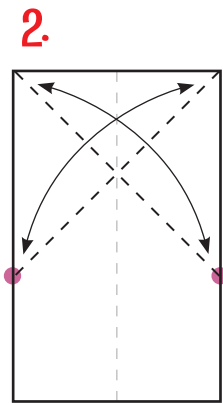

Travel with Flat Stanley to Japan—the land of ninja masters and origami, by making your very own jumping frog!
Learning the art of origami can bring good fortune...

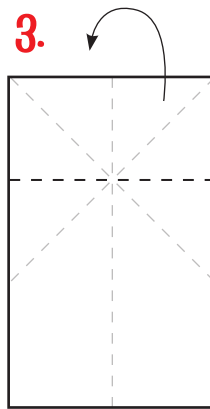

Use the instructions below to make your very own origami jumping frog. All you need is a rectangular sheet of paper (a colored piece if you prefer) and crayons or markers to color the details of your frog. If you're feeling really crafty, then glue a pair of googly eyes to the face. Be sure to ask an adult if you need extra help.

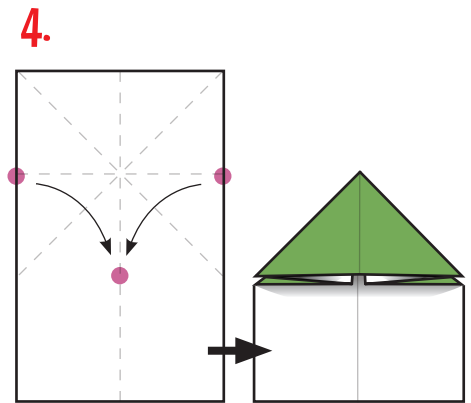

1. Fold sheet in half from right to left, then open the page back up again.

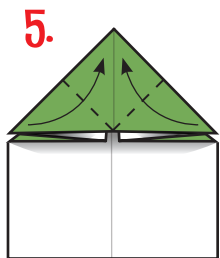

2. Fold top right corner to the red dot on the opposite edge of the paper. Open the page back up again. Do the same for the top left corner, and open the page back up again.

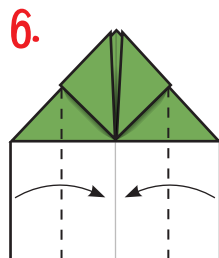

3. Fold to the back the top portion of the page at the point where all the diagonals meet. Open the page back up again.

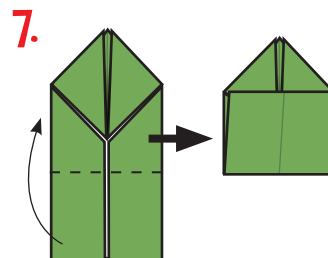

4. Hold the paper where the creases begin on either side of the page at red dots and bring them in towards the middle of the page. Flatten the top so it takes on the shape of a flattened triangle.

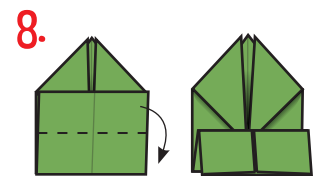

5. Fold up the top right layer of the triangle so it meets the top point. Do the same for the left top layer.

6. Take the right side of the bottom right layer and fold it in toward the middle of the page. Do the same for the bottom left layer.

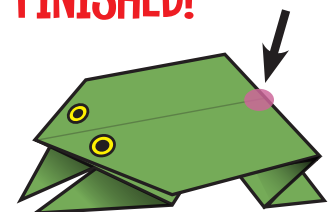

7. Fold the bottom portion up so it overlaps half of the diamond in the top portion.

8. Fold the top half of the rectangle down so it overlaps the bottom half.

9. FINISHED!

Turn over and you're finished. Press on the back middle point of the frog to make it jump!

Travel to www.flatstanleybooks.com for games, global facts, pen pal opportunities, and more activities for kids, parents, and classrooms!
